For the nine months ended 30 September 2013, the Company recorded a turnover of approximately RMB142.84 million, represents an increase of approximately 43.56% when compared with the same period in 2012. It is mainly contributed from sales of woven fabrics which raised by approximate 90.76% when compared with the same period in 2012 as the Company has recommenced export sales since the second quarter of 2013. Gross profit margin for the nine months ended 30 September 2013 and 2012 was approximately 10.64% and 14.33% respectively. Since the third quarter in 2012, the textile industry has been facing the impact of rising of raw material cost, labour cost. Therefore, the gross profit margin in 2013 dropped when compared with that in 2012. In addition, the gross profit margin mainly contributed from subcontracting fee income as it did not involve the cost of raw materials. The administrative expenses for the nine months ended 30 September 2013 decreased by approximately 25.91% when compared with the corresponding period in 2012 mainly due to decrease of legal and professional fees. Earnings and loss per share for the nine months ended 30 September 2013 and 2012 were approximately RMB3.52 cents and RMB0.95 cents respectively.

In view of the financial problem in Europe and U.S., the foreign markets have been shrinking. However, the market in the Middle-East, South America and Eastern Europe provides another business opportunity to the Company, export sales to these markets has been commenced since the second quarter of 2013. Since the third quarter in 2012, the local textile industry has been facing the impact of rising of raw materials cost, labour cost and therefore, the overall market sentiments were still poor. Therefore, the Company recommenced the export sales in the second quarter of 2013. In order to maximise the interests of the shareholders and although the market sentiments were still poor, the Company will continue to focus on both domestic and overseas markets and sales efforts will be placed in expanding these markets.
